## Description

Revival R640 Sports Mercury 150 3.0L EFI Dunbier Trailer

**\*\*AUSTRALIAN DESIGN \*\* AUSTRALIAN MADE \*\*FOR AUSTRALIAN CONDITIONS**

**\*\*Revival Boats in Stock Now Ask For Details**

**\*\*Sensational Value**

**\*\* 21 Degrees of deadrise ocean Taming Foam Filled Fiberglass Hull**

**\*\*Aluminium Crushing offshore Ride**

The Revival 640 R is the Flagship model for Revival and it is loaded with standard features that many others call options, It is also easy to see why this boat is rapidly earning a reputation as a giant slayer.

Looking at the R640 there is a lot to like nice big flared bow with a fine entry and 21 degrees deadrise explains why its offshore ride is exceptional but it only gets better as the nice large reverse chines also provide uncanny stability at rest despite its ocean slaying Deep V enabling this superior performance underway and when anchored.

Serious Offshore it is but as soon as you board walking through the transom walk through its hard not to be impressed by the quality of finish, The capacious amount of space and comfortable seating from the perfectly proportioned cabin to the rear lounge this boat just impresses.

Revival has nailed this boat because it would be a comfortable weekender for a couple one day and a dead set offshore fishing weapon the next. As a family and friend fun machine just cruising your favourite waterway with on board picnics and tube towing to a very comfortable place for an afternoon siesta I can not think of any thing this boat can not do well!

In a couple of words Capability and versatility merged to create what is quite possibly about as close to perfect as you can get in a 6.4m Boat.

Look Closely and you just keep being impressed with sensational storage including dedicated rod holders, Plenty of grab rails where they are needed and excellent freeboard that will make the most nervous of crew feel safe when conditions are not so good, And speaking of safe The hull is foam filled that adds immense safety and makes for an ever quieter on water ride that combined with its solidly laid up fiberglass hull to produce ride or on water experience that aluminium plate or otherwise will struggle to compete against.

Please note images used are for illustration purpose only and may show options including engines and or other features not included in the base package

Ultimately the 640R is not only super capable, comfortable, Designed and built for Australian conditions in Australia but offers what is arguably the best value for money you can get in the 6m plus category enabling you to get the boat you want without compromise or having to sell your first-born child!

And the best part is you can add a few options like you can see in the pictures for a surprisingly modest amount of money only reinforcing the fact that these locally built boats will enable you to get on the water in a boat for substantially less than a lot of others without any compromise and you have to like that
