***BE ON THE WATER FOR CHRISTMAS

***OWNER WANTS ALL OFFERS PRESENTED

2006 Haines Traveller TC200 Suzuki DF140

The Haines Traveller TC200 has developed a reputation as an offshore weapon and with its ocean taming 22.5 Degrees of deadrise the boat provides an on-water ride that put simply is as good as the best if not better in this category.

Versatile is an under statement as this boat has comfortable seating for all 7 of its adult rated passengers making this boat equally comfortable as an island-hopping day boat to comfortable overnighiter in what is easily a significant other rated cabin with a dedicated location for an onboard porta toilet!

But it only gets better as serious offshore fishing is where this boat comes into its own with genuine ability and more space than a lot of bigger boats complete with live bait tank and bait board

Other features include the optional starboard Fiberglass seat box that features a forward-facing navigators chair and a second rear facing chair that is perfect for watching your lure spread or observing your tube riders totally comfortable in the knowledge that an ice-cold beverage is literally under your seat! You have to like that.

Power is provided by the ever-reliable Suzuki DF 140 that provides exceptional performance and miserly fuel consumption that makes the 150L fuel tank more than enough for long offshore runs.

Complete helm station with GME VHF Radio and 9" Lowrance elite with Suzuki gauges complete what is a functional dash as for storage this boat has plenty from generous space in the cabin in side pockets and under the bunks to cockpit side pockets even underfloor storage / kill tank.

Riding on a full roller trailer with mechanical override brakes makes this boat easily and safely towed by a majority of dual cab Utes enabling you to explore 1770 and the bunker group to a family trip to Airlie for some Whitsunday memories that will last a lifetime!

Built by the Haines group utilising Nexus foam-filled construction with the end result being increased buoyancy and that equals safety is highly desirable plus it significantly reduces hull noise and vibration that by default only enhances its ride underway and at rest!

Ultimately if you are looking for a 6m plus Fiberglass boat with genuine offshore pedigree and modern four stroke power then this boat provides a genuine opportunity at a fraction of new replacement making this extraordinary value for money that deserves a place at the top of your wish list, Plus you can have it NOW!
