Description

2022 Stessco 550 Bowrider optioned with everything you need for a family fun day on the water for up to 7 adults in total comfort.

Or perhaps a couple of civilised sundowners enjoying your spacious bow area and custom bow table for the charcuterrie board complete with cup holders for your preferred Beveridge of choice is the order of the day?

If not remove the front cushions put in the infill and boom you now have a serious cast deck that combined with the bait board and fully plumbed live bait tank and brand new electric with spot lock officially makes this boat hard core fishing rated.

Loaded with options that include fusion sound system 9'' Lowrance combo with charts, VHF radio, rear lounge that doubles as a storage box on hinges is practical as is comfortable, Other notable inclusions are the dive ladder and transom door and an abundance of lighting.

Shade is ample with the Bimini that is complete with front and side clears integrated rocket launcher and substantial Bimini extension for the bow area plus another extension for the back making this about as sun proof as you can get.

Power is provided by the legendry Yamaha F115 and put simply is about as good as it gets on this boat and according to official Yamaha test data on this exact boat and motor combo you can expect between 3.02 and 2.69 km/L at cruise speeds between 38-45kmh with a top speed of 72.05kmh or 41.5knots that's genuine quick and crazy economical enabling a massive range out of the 110l fuel tank!

It should be said that this engine with a tiny 57 hours is also barely run in and the fact that it is ridiculously economical is highly desirable especially as it does it without compromise to performance is pure gold!

As an absolute bonus this engine has had a good life serviced on time every time regardless of hours at an authorised Yamaha dealer and to put that into perspective on average this engine was serviced every 14.2 Hours of use and in the world of preloved boats that is literally about as good as it gets!

The trailer is premium Australian Made Dunbier with a 1450 ATM enabling just about any dual cab Ute to easily and legally tow it plus like the boat it has been looked after and just received new springs hubs brakes bearings, and brake pads accordingly is in immaculate condition ready to take your boat wherever and whenever you want in total confidence.

Ultimately this boat is unusual in the fact that it can be quite literally utilised as a hard core fishing machine with genuine offshore ability one day and the next a family and friends water sports fun machine to a sophisticated day boat that you can enjoy time on the water with your significant other enjoying sunsets and on board picnics and what makes this boat truly unique is it does all 3 without compromise and that makes this boat special and why it deserves to be in your driveway!

Do You finance?
