Description

Yellowfin 5800 Folding Hardtop Mercury 135hp XL ONLY \$80,990

One of the most compact and versatile boats in the Yellowfin range, the 5800 Folding Hard Top is the ideal boat for offshore fisherman that have limited storage space. When folded the vessel will drive into any garage with a minimum height of 2.2metres. Perfect for those who want all the quality of these elite plate boats without having to build another shed. Both the hard top and the windscreen fold down to minimise height when storing your boat and the boat is loaded with features like the Self-Drain Deck, hydraulic steering and a 190L fuel tank.

The widest boat in its class- a massive 2.4metres wide. So much room to get around comfortably even with the family on board. Not only does this width give you an amazing amount of space on deck but it increases the overall stability of the boat. Much thinking has gone into making the hull more useable.

The side decks are topped in soft rubber to provide great grip as you get in and out of the boat. Recessed stainless cup and rod holders are in all the right places. A well appointed and spacious dash gives plenty of room for electronics and a tall cabin gives headspace for even the tallest fisherman.

WHAT DO YOU GET IN THIS PACKAGE?

- Yellowfin 5800 Folding Hard Top
- Mercury 135hp XL
- Telwater 1999ATM Alloy Trailer
- Mercury concealed control box & SC1000 Tach
- Rear ladder
