Description

2024 Yellowfin 7000 Platinum Centre Cabin Mercury 225hp XL DTS

One of the most versatile boats in the Yellowfin range, with full 360 degree walkaround fishability! the 7000 Centre Cab is the ideal boat for offshore fisherman that want to maximise their fishing platform. The boat is loaded with features like the Self-Drain Deck, hydraulic steering and a 280L fuel tank.

The widest boat in its class- a massive 2.4metres wide. So much room to get around comfortably even with the family on board. Not only does this width give you an amazing amount of space on deck but it increases the overall stability of the boat. Much thinking has gone into making the hull more useable.

The side decks are topped in soft rubber to provide great grip as you get in and out of the boat. Recessed stainless cup and rod holders are in all the right places. A well appointed and spacious dash gives plenty of room for electronics and a tall cabin gives headspace for even the tallest fisherman.
