Description

2026 Quintrex 460 Renegade BCM Centre Console – Customised for Serious Anglers

Fitted with a Mercury 60hp EFI Four Stroke and riding on a Quintrex Alloy I-Beam Trailer, this isn't your standard 460 Renegade Centre Console – it's the Bay City Marine Custom Series.

Our BCM edition starts life as a factory 460 Tiller Steer Renegade, complete with underfloor fuel tank and factory-fitted bow thrust bracket. From there, we reimagine it into a serious fishing weapon with custom upgrades developed right here at Bay City Marine.

What sets the BCM 460 Centre Console apart?

*We build our console from 33% thicker alloy, allowing us to make it taller, wider, and more ergonomic – perfect for mounting larger electronics and improving visibility and control.

*The console includes a welded tube frame to support our fully adjustable T-Top, not just bolted on – it's built in as part of the structure.

*The all-new open transom design offers improved freeboard with a raised internal well – you get offshore capability without compromising internal space OR we can custom fit a raised splash well

*Beneath the floor, we've reinforced the console with extra bracing to create a fully integrated, rock-solid setup – not just something screwed to the deck.

*Premium Australian-made HyDrive hydraulic steering comes standard for smooth, reliable control – no cables, no compromise.

What's included at this price?

*1 x BCM Custom 460 Renegade Centre Console

*Custom adjustable alloy T-Top with canvas

*77L underfloor fuel tank

*Electric bow thrust bracket

*Front casting deck with large underfloor storage

*Rear casting deck with storage and plumbed live bait tank

*Navigation lights and all-round white light

*Battery isolation switch and switch panel
