Description

WHY BY USED WHEN YOU CAN HAVE NEW

**BIG FEATURES BIGGER VALUE

**QUINTASENTIAL AUSTRALIAN HALF CAB OFFERING ARGUABLY THE BEST RIDE IN ITTS CLASS

2027 complianced Hull (New Stock) Available Now Quintrex 520 Ocean Spirit has big boat features like 4mm thick hull and transom, smooth side sheets, and a semi self-draining deck with scuppers, this model blends the safety of a big boat with the towability of a compact half cab powered to perfection riding on an alloy I-Beam trailer and at a price that is competitive against a lot like sized used boats let alone new!

Reality is that Quintrex can do things to aluminium that all other manufacturers simply can not and that is why the Quintrex Blade hull is different to anything else consequently the blade hull enables your boat to ride significantly more smoothly and by default substantially drier than the rest and when conditions are anything but perfect that smooth ride is why Quintrex is number one in the country and you have to like that.

Powered by the Best in Class: Mercury 75hp EFI Four-Stroke
The Mercury 75hp EFI four-stroke isn’t just any outboard. With a massive 2.1L of displacement—more than any other engine in its category—it delivers outstanding torque, smooth performance, and class-leading fuel efficiency. This rig is ready for everything from relaxed cruising to serious offshore runs. All backed by one of the best Marine industry warranties in the Country of 6 years and the only specific Corrosion warranty available of 3 years gives you genuine peace of mind.

Riding on a full Quintrex Drive on Alloy I-Beam Trailer is about as good as it gets because it is easy to use own and tow plus will outlast virtually any other like sized galvanised steel trailers plus with an ATM of 1400kg can be towed by almost any vehicle with a towbar and if its easy to use it you will.

Ultimately this is literally the quintessential Australian Half Cab plenty of fishing space a cabin where you can take a brake and most importantly a hull that is just as home in a bay as it is offshore powered to perfection fitted with a Bimini and riding on a premium trailer all for substantially less than a lot of smaller boats let alone like size enabling you to get on the water without having to sell your left kidney and you have to like that.
